Between December 16, 1811, and late April 1812, over two-thousand earthquakes tremors occurred on the Mississippi River valley. During this period, three of the strongest earthquakes (between 7.5 and 8.8 on today's Richter Scale) in U.S. history hit Missouri near New Madrid. The earthquake caused a so-called fluvial tsunami in the Mississippi River, actually making the river run backward for several hours.

AUTO INSURANCE

DESIGNED FOR AARP MEMBERS

Experienced Drivers 50+: You could save hundreds* on Auto Insurance when you switch to the **AARP®** Auto Insurance Program from The Hartford.

- Rates that reward you for your safe driving
- Exclusive package of benefits
- 24/7 Claim Hotline and exceptional claims service

*Savings may vary. The AARP Automobile Insurance Program from The Hartford is underwritten by Hartford Fire Insurance Company and its affiliates, One Hartford Plaza, Hartford, CT 06155. The Hartford pays royalty fees to AARP for the use of its intellectual property. These fees are used for the general purposes of AARP. AARP membership is required for Program eligibility in most states. Features, credits and discounts may vary and may not be available in all states in accordance with state filings and applicable law. Applicants are individually underwritten and some may not qualify.

The first person to appear on the dollar bill was Salmon P. Chase. The bill was issued during the Civil War in 1862. Chase was the Secretary of Treasury at that time and was also the designer of the country’s first bank notes.

fatherhood.gov

Small acts of kindness can have a big impact in making people feel welcome. When we reach out and connect with others, we can build a stronger community where everyone – regardless of their background – feels like they belong.

PROTECTING YOUR KIDS ONLINE 2.0

CONNECT

Set some ground rules.

Establish clear guidelines like what types of sites kids can visit, apps they can download, and when they can have access to electronics. Consider “blackout” periods that require disconnection.

Research before you buy.

It’s important to learn about a device’s capabilities before you buy. Will it allow unknown people to communicate with my child? Will this allow children to make unchecked purchases?

Go beyond safeguards.

Installing monitoring software doesn’t guarantee your child will be safe online. Time, attention and active conversation are the best tools to protect them.

REPORT!

If your kids are dealing with cyberbullies or potential online enticement, report it to the website, cell phone provider, law enforcement or CyberTipline.org

LEARN

Know the platforms.

Online enticement happens across all platforms, so be aware of the sites, games and apps your children frequent. Ask them to show you how they use them.

Be proactive.

Teach your kids to spot common tricks used by online offenders. In NCMEC CyberTipline reports, the most common tactics used to entice a child online were:

- Engaging the child in sexual conversation/roleplay as a grooming method.
- Directly asking the child for sexually explicit images of themselves, or offering to mutually exchange images.
- Developing a rapport with the child through compliments and other supportive behaviors such as “liking” their online posts.
- Sending unprompted sexually explicit images of themselves.
- Pretending to be younger.
- Offering incentives for explicit content.

Spot the Red Flags.

A child who is experiencing online enticement may be:

- Spending increasing time online.
- Getting upset when he or she is not allowed on their device.
- Taking extra steps to conceal what they are doing online.
- Receiving gifts from people you don’t know.

ENGAGE

Talk about it!

Your kids might not tell you everything, but ask anyway. Regular conversations about safety can go a long way in increasing trust and communication.

Get involved.

Challenge them to a duel. If you have kids who like to play online games, ask if you can play, too. When you respect their interests, they’re more likely to respect your rules.

Don’t pull the plug.

Taking away internet access because they may have made mistakes online doesn’t solve the problem. Talk to them about protecting themselves and respecting others online.

THE FOLLOWING CHECKLIST CAN HELP YOU TAKE STEPS TO KEEP YOURSELF SAFER ONLINE.

- CHECK YOUR COMMENTS AND IMAGES.**
Have you posted anything inappropriate or illegal, like threats, nudity, alcohol, or drugs?
- TALK TO YOUR FRIENDS ABOUT WHAT'S OK TO POST.**
Agree that you won't post embarrassing or hurtful comments or images of each other. Be clear that you'll delete – or if needed, report – any posts that are inappropriate, illegal, threatening, or could get you in trouble.
- REVIEW YOUR ACCOUNT SETTINGS.**
Always ask yourself – what is on my profile and who can see it?
- KNOW YOUR FRIENDS, CONTACTS, AND FOLLOWERS.**
These are the people who can see, share, and comment on what you post so you want to be sure you can trust them. Block and report anyone who makes harassing, threatening, or inappropriate comments.
- KEEP AN EYE ON 3RD PARTY AND CONNECTED APPS.**
Some of these will allow you to log into one app using account information from another. Be careful, as this may allow the company access to your profile information.
- DON'T FORGET MOBILE.**
When you use mobile devices like smartphones and tablets to post something or check in, you could also be sharing your location. Check your settings to make sure you're only sharing what you want to.
- REPORT.**
You have the right to be safe online. If anyone cyberbullies you, make a report to the website or app. If anyone shares or asks you to share sexual messages or images, make a report to [CyberTipline.org](https://www.cybertipline.org).

For more resources visit [Missingkids.org/NetSmartz/Resources](https://www.missingkids.org/NetSmartz/Resources).

It's always been
easier for me to
help others

than to
help myself

As a Veteran, when someone raises their hand for help, you're often one of the first ones to respond. But it's also okay to get help for yourself. Maybe you want or need assistance with employment, stress, finances, mental health or finding the right resources. No matter what it is, you earned it. And there's no better time than right now to ask for it. **Don't wait. Reach out.**
